How To Organize a Comedy Fundraiser Hosting Jimmy 'Super Greek' Santis

Having a comedy night with Jimmy Santis is one of the easiest, low-maintenance fundraisers you can plan!

In three easy steps, your organization can plan a great and easy fundraiser!

What you need to do:

- 1) Rent a Professional quality sound & light system. Jimmy provides you with specs for what he needs. A popular approach is to hire a local DJ or sound company that has worked with your church on previous events for the rental. If needed, Jimmy can also assist with finding a DJ or sound company in your area.
- 2) Send Jimmy the details for the event, i.e. time, place, ticket price and he will provide you with promotional posters and print ready flyers and/or postcards to help promote your event.
- 3) The last and most important step is to **Get The Word Out!** Make sure you promote the event within your church community. Have flyers in the weekly Sunday church bulletins, put posters up in the church hall, lobby or hallways. If there is a Parochial or Sunday school that is part of the church, be sure to put up posters or give them flyers and let them know about it. If there are local Greek cafes or restaurants nearby, put up posters in their establishments. If you have a local Greek newspaper, place an ad in their paper or ask them to list it in their community calendar of events. Most of the time, they will do this free of charge. If you have a Greek-American local radio station, have them announce it as part of their community calendar of events. You can also suggest people go to Jimmy's website where they can see video clips and hear samples of his hilarious songs. The most important word in putting on a successful fundraiser is:

Promotion, Promotion, Promotion!

Seating Options

Generally there are two seating options you can work with:

- 1) Theater Seating**
- 2) Table Seating**

Theater Seating

Theater Seating is the easiest and quickest set-up. Volunteer work required is minimal:

- 1) Set up chairs
- 2) Have someone at the door to collect or sell tickets.

Table Seating

With table seating, you would be serving mezedakia or dinner and perhaps have a cash bar or offer free beverages. This is totally up to you. With Mezedakia, the cost is less and easier to prepare. When you're offering mezedakia or dinner, there is more work involved but the advantage is that now you can charge more for your ticket price.

Ticket Pricing

Every community has a general idea of what their parishioners are used to paying for fundraising events. A general scale I have found that works for most churches is:

Theater Seating: Suggested ticket price between \$25 - \$35

Table Seating: Suggested ticket price between \$40 - \$60

These are just suggested ticket prices. Each community based on their past pricing for events should use their own discretion.
